**WOMEN ASK FOR COMPENSATION**

*The Conference of Durban against racism and intolerance have been a meeting place for victims of slavery, colonization, apartheid, ethnic cleansing, the caste system and all kinds of religious and political violence. And what about women ? Sexism was only evoked in the context of the dual oppression it implies for them : a black woman, a muslim woman, a Dalit woman, a Rom woman...But women as victims of a specific kind of oppression, the Patriarchy, out of the question !*

**We, the Women of the World!**

**denounce the violence and the various forms of exploitation that men**

**have inflicted and continue to inflict on us for millennia :**

*for our bound feet*

*our necks imprisoned in rings*

*our sex cut or sewn up*

*our plate-lips or our pierced ears*

*our chastity belts or virginity controls*

*our corsets that suffocate us*

*for our bodies anorexically starved or fattened according to their rules*

*for the women they deprive of education, liberty, autonomy*

*for the women shut into harems or in the home*

*behind the veil, the tchador, the niqab or the burqa*

*for the precocious weddings, the imposed sexual intercourse*

*the unwanted pregnancies, the forced sterilizations*

*the abortion of female fetuses*

*for polygyny, repudiation, the dowry system*

*the discrimination in inheritance*

*for economic exploitation, domestic slavery, the double work day*

*for the blows, the insults, the moral and sexual harassment*

*for the private or collective rapes*

*for pornography, prostitution, women sold in “ temporary marriages ” or by  
Organized crime*

*for the acid throwing, the stoning and the rite of Sati*

*for the “ witches ” burned alive*

*for the honor killings, the murders of women*

*for religious or political slaughters*

*for the little girls they kill or prevent from being born :*

***100.000.000 women missing in the world ...***

*for the control they have exercised and continue to exercise on our lives*

*for our lives that they have stolen*

*for our intelligence that they have smothered*

*for the divisions they have created among us to keep us enslaved,*

*for all the appalling crimes men have committed against women since time immemorial,*

*for having made us the symbol of EVIL in the misogynous religions they have created in their own image, a characteristic tenet of any racist ideology,*

*for our Human Rights that have been scorned,*

**We, the Women of the World, ask the Governments of the various countries for apologize and to place a true value on the financial, legal, professional and political compensations that women have the right to receive.**

**\*\*\*A.F.R. a fost invitata ..... la Summitul G8!**

Cu aceasta ocazie s-a lansat blogul,, The "Women talk to the G8" care include si punctul de vedere al presedintei Asociatiei Femeilor din Romania , Liliana PAGU .

Mai jos este o invitatie din partea d-nei Jessica Reed ,reprezentanta organizatiei OPEN DEMOCRACY care a produs acest blog !

„The "Women talk to the G8" blog has been amazing so far: we published fascinating entries from 5 different continents. It has been a wonderful experience so far (even if it is not the end yet!), enjoyed by both our openDemocracy team and our readers. Patricia Daniel (openDemocracy's gender issues columnist) has gathered and summarised your thoughts and recommendations in an open letter to the G8. This letter will be sent to the media, G8 leaders, ambassadors and representatives today..

You can view it on the blog <http://opensummit.opendemocracy.net>, or on the openDemocracy website: [http://www.opendemocracy.net/democracy-fifty/g8\\_letter\\_4661.jsp#](http://www.opendemocracy.net/democracy-fifty/g8_letter_4661.jsp#)

Please circulate it to as many contacts as you can! And please feel free to comment or send any feedback - on the blog itself, or by e-mailing me. We still accept contributions to the blog (it runs up until June the 7th), so keep on visiting the blog as we publish more entries. If you still haven't submitted yours, you can still send it my way now.

It has been an honour working with you all to make this happen.

Best regards,"

Jessica Reed

Dear friends of

**the Council for a Parliament of the World's Religions,**

ASOCIATIA FEMEILOR DIN ROMANIA a fost invitata sa contribuie la Raportul privind miscarea interreligioasa mondiala

Clemntina Timus si Liliana Pagu si-au exprimat punctul de vedere si modul in care actionam in asociatie , retea.

**Puteti avea materialul la solicitare!**

CPWR, in conjunction with the Universal Forum of Cultures Monterrey 2007 - International Interreligious Encounter, is compiling a

## **Report on the State of the Interreligious Movement**

Our goal is to provide an introduction to the growing movement of diverse religious communities working together in pursuit of positive ends; the report will also be an invaluable guide for those who would like to increase their participation in interreligious endeavors. HERE'S HOW YOU CAN HELP:

\*\*\*\*\* *LET US KNOW WHAT YOU'RE UP TO*\*\*\*\*\*

Send us 500-1000 words describing how you and your religious community reach out to and work with other religious communities. Please be as specific as possible; your description should include these elements:

1. **Describe the work you're doing** (for example, hosting an interreligious dialogue event, joining other religious communities to advocate on behalf of social justice, working with other local religious communities in response to local concerns, etc.)

2. **Describe your religious motivation** (we want to know what in your tradition compels you to work with and reach out to other religious communities in this way)

3. **Get personal** (wherever possible we want a first-person account that captures your experience, what you learned, what surprised you, what provoked new thought or reflection, etc.)

4. **Contact information** (make sure to identify your religious tradition, and to include your address, email, and phone number so we can follow-up if we choose to feature your work)

We can't feature everyone; and, obviously, we can't be truly comprehensive. But with your help we can provide a snapshot of each religious tradition as it relates to the interreligious movement. (ALL organizations, events, and initiatives with complete contact information will be included in a larger index appended to the report).

Please send me your information by June 4, 2007.

Many thanks,  
Jeff Israel

Dear Liliana Pagu,

Thanks so much for your submission. We'll be in touch if follow-up questions arise. Thanks again! -Jeff
